## Summary

Aspiring **React.js Intern** who is passionate about building responsive and modern user interfaces. Skilled in frontend development technologies including React, JavaScript, and CSS frameworks. Interested in delivering intuitive and engaging user interfaces while learning industry best practices in web development.

## Education

### Bachelor of Science in Software Engineering

Dha Suffa University

Oct. 2021 – July 2025

Karachi

## Projects

### Portfolio Website | *React, Tailwind CSS, Material UI, Vercel*

2025

- Built a personal portfolio website to showcase projects, education, and skills with a **modern, responsive design**.
- Designed a modern, responsive interface with interactive project sections and smooth navigation.
- Deployed on **Vercel** with automatic GitHub integration for continuous deployment.
- Utilized **Tailwind CSS** for utility-first styling and **Material UI** for components.
- Live demo: <https://zaurezportfolio.vercel.app/>

### Movie Website | *React, TMDB API, Local Storage*

2025

- Created a movie discovery website with features like **search, popular movies, and favorites list**.
- Integrated **TMDB API** for real-time movie data and images.
- Implemented a **favorites list** with persistent storage using **local storage**.
- Designed a **responsive layout** for desktop and mobile devices.

### Chatbot | *HTML, CSS, JavaScript, FastAPI, Python, DeepSeek LLM 7.5B*

2025

- Developed an interactive **chatbot** powered by **DeepSeek LLM 7.5B** that communicates with a **FastAPI backend** for processing responses.
- Implemented **dynamic user and bot message bubbles**, scrollable chat history, and typing indicator animations.
- Used **Python** and **FastAPI** to create lightweight API endpoints for message handling and processing.
- Designed a **responsive layout** using CSS Flexbox and Grid techniques for mobile compatibility.

### Task Manager with Priority | *React, Local Storage*

2024

- Developed a comprehensive task management application with **add, delete, update, and priority level** features.
- Implemented **persistent storage** using local storage to ensure tasks are saved across browser sessions.
- Designed a **clean and responsive layout** that facilitates efficient task management and organization.
- Added **visual priority indicators** to help users better organize and manage their tasks effectively.

## Skills

**Frontend:** HTML5, CSS3, JavaScript (ES6+), React, Tailwind CSS, Material UI, Bootstrap

**Backend:** FastAPI, Python

**Tools:** Git, GitHub, VS Code, npm, Vercel

**Other:** Responsive Web Design, REST APIs

## Awards & Certifications

### Web Development Certificate

Aptech
